linkedin.com/in/charles-keane-dimayuga-b988a2251

PROFESSIONAL SUMMARY

Software Developer with hands-on experience building and maintaining enterprise web applications. Skilled in JavaScript, .NET, React, and SQL, with a proven track record delivering RESTful APIs, AI-powered solutions, 3D visualizations, and ERP/WMS modules in production environments. Passionate about clean code, scalable architecture, and continuously learning emerging technologies.

PROFESSIONAL EXPERIENCE

Junior Programmer | METS Cold Storage Services Inc.
October 2024 – March 2026

Maintained and enhanced enterprise systems, updated modules, and delivered new features to improve functionality and user experience.

Warehouse Management System (WMS)

- Maintained and enhanced WMS by updating modules, fixing printouts, and optimizing system processes to boost operational efficiency.

Technologies: *JavaScript · .NET · DevExpress · Bootstrap · MS SQL Server*

API Development & Data Integration

- Designed and implemented RESTful API endpoints enabling seamless data synchronization across databases.

Technologies: *JavaScript · Node.js · Express · MS SQL Server*

AI Projects

- Built an intelligent chatbot capable of processing uploaded documents and delivering forecasting insights.
- Developed AI-driven tools for automated image description generation.

Technologies: *OpenAI API · JavaScript · Node.js · Express*

Interactive 3D Website

- Contributed to a resource-utilization monitoring platform featuring interactive 3D visualizations.

Technologies: *JavaScript · Three.js · Bootstrap · MS SQL Server*

PISA - Procurement Inventory Sales Accounting

- Enhanced printouts, created additional system modules, and maintained overall system stability.

Technologies: *JavaScript · .NET · DevExpress · Bootstrap · MS SQL Server*

EDUCATION

B.S. Information Technology, Major in Service Management | Batangas State University – TNEU
August 2020 – August 2024

Capstone Project - Equipcheck

A mobile-based 2D mapping system to visualize and locate safety equipment for maintenance management.

Technologies: *Firebase · React Native · Expo*

TECHNICAL SKILLS

Frontend	React.js · Next.js · React Native · TypeScript · JavaScript · HTML · CSS · Tailwind CSS · Bootstrap
Backend	Node.js · Express.js · C# / ASPX.NET · REST API Development
Database	MS SQL Server · Firebase
Tools	DevExpress · Three.js · OpenAI API · Visual Studio Code · Visual Studio · GitHub · PM2
Languages	English · Filipino

PERSONAL STRENGTHS

- Fast learner - adapts quickly to new technologies and development environments.
- Responsible, dependable, and highly detail-oriented with strong attention to code quality.
- Eager to grow in leadership, mentorship, and team management.
